Our roof was first installed by EW before we even purchased our house. We recently had them come out to fix some cracked tiles and they were extremely responsive and efficient in completing the job. We were provided photos of all the repairs which will be helpful for insurance purposes. Highly recommend!

Superb professionalism from start to finish. Highly organized, excellent communication, always friendly, their references to other vendors spot on, willing to work with me on somewhat complicated repair. No hesitate to use again! Kudos to Kaitlyn in the office, and Evans on the roof.

The roofer was great and also very nice. He explained all the different types of metal roofing available. Installation crew that arrived was just as friendly and did an excellent job. Price was reasonable. We love our new roof.
